ESAA MINIBUS PARKING PERMIT

ESAA Cross Country Cup Final Ratcliffe College Saturday 5th December 2026

Important information below ↓

Information for Minibus Drivers

- **Vehicle Pass Requirement:** Please ensure your **Vehicle Pass is clearly displayed in the front windscreen** prior to entering the school grounds to allow marshals to stream traffic quickly.
- **Arrival & Routing:** Upon entering the College grounds, stay in the **right-hand lane**. When arriving at the main building, marshals will instruct you to turn either straight off the main drive into the gravel car park or right past the front of the school into the car park.
- **Queue Mitigation:** If a traffic queue begins building up on the main driveway, marshals may direct you to **Car Park E**. Adhering to these directions is vital to keep internal traffic moving and prevent vehicles from backing up onto the A46 dual carriageway.
- **Parking Etiquette:** To maximize available space for all visiting teams, please **park as close as safely possible to adjacent vehicles**, following the guidance of the parking marshals on duty.
- **Pedestrian Safety & Crossing:** Once passengers have disembarked, individuals **must cross all internal roads using the designated zebra crossing** under the guidance of traffic marshals. Please note that passengers may need to wait briefly at the crossing if a queue of incoming vehicles is actively being cleared to avoid traffic backing up onto the main access roads.
- **Speed Limit**: A strict 10 mph speed limit applies across all campus grounds.
