COACH DROP OFF PERMIT

ESAA Cross Country Cup Final Ratcliffe College

Saturday 5th December 2026

Information for Coach Drivers

- **Vehicle Pass Requirement:** Please ensure your **Vehicle Pass is clearly displayed in the front windscreen**
- **Arrival & Routing:** Upon entering the College grounds, stay in the **left-hand lane**. Follow the drive to the front of the main school building, then **turn right** toward the designated Drop-Off Zone (Red).
- **Drop-Off Zone Etiquette:** The drop-off bay accommodates up to **5 coaches** simultaneously. Please drive right to the very end of the bay so trailing coaches can pull in behind you without blocking the entrance.
- **Pedestrian Safety & Crossing:** Once passengers have disembarked, individuals **must cross all internal roads using the designated zebra crossing** under the guidance of traffic marshals. Please note that passengers may need to wait briefly at the crossing if a queue of incoming vehicles is actively being cleared to avoid traffic backing up onto the main access roads.
- **Layover & Parking:** On-site coach parking is limited. Depending on arrival volumes, marshals will either direct you to an on-site bay or request that you lay over off-site until pick-up time. Recommended off-site locations within 15 minutes:
  - **Six Hills Layby (A46 Northbound):** ~10–12 minutes away.
  - **Junction 23 Truck Stop:** ~15 minutes away.
- **Pick-Up:** When returning for departure, please return to the exact same drop-off loop at the front of the school.
- **Speed Limit**: A strict 10 mph speed limit applies across all campus grounds.
