

Combined Events Score Tables – 1st April 2026

Scoring Tables

These tables contain scores for all the events which form part of the ESAA Combined Events competitions. They are the same as the IAAF tables for World Athletics Decathlon and Heptathlon events but have additional tables designed specifically for those events in the ESAA Junior and Intermediate age groups which are not covered by the IAAF tables, plus tables for the U13 age group (School year 6 & 7).

Scoring for electronic and manual timekeeping (for Intermediate, Juniors and Minors) Scoring for electronic and manual timekeeping (for Under 16s, Under 14s and Under 12s)

The new method of scoring is applied using a single scoring table, which must be used for both hand-timekeeping (manual) and electronic timekeeping.

Manual tables are no longer published so if manual timing is in operation all times shown on stop watches must be **ROUNDED UP** to the next tenth and scored from the electronic tables:

e.g.

- 13.01 should be recorded as 13.10
- 13.45 should be recorded as 13.50
- 13.99 should be recorded as 14.00
- 13.40 should be recorded as 13.40

Tables for different timekeeping methods (APPLIES TO SENIORS ONLY (Under 18's and above))

There are two forms of timekeeping:

- Electronic Timing - timed using photo-finish equipment and producing times to 100th second.
- Hand Timing (or Manual Timing) - timed using stopwatches and producing times to 10th second.

Both systems are acceptable, but a mixture of the two systems in the same competition event is not permitted.

Looking up scores

For track events, where a time is not exactly shown in the table, the score must be looked up from the next SLOWER time, that is, the times shown for a given number of points MUST have been equaled or bettered:

e.g. For boys 800m

- a time of 2:05.05 gives 682 points in the table
- a time of 2:05.11 gives 681 points in the table
- therefore, a time of 2:05:06 gives 681 points

For field events, where a distance/height is not exactly shown in the table, the score must be looked up from the next LOWER distance/time, that is, the distance shown for a given number of points MUST have been equaled or bettered:

e.g. For Girls Javelin

- a distance of 46.09 gives 785 points
- a distance of 46.04 gives 784 points
- therefore, a distance of 46.08 gives 784 points

Combined Events Score Tables – 1st April 2026

Boys		10.25	1035	11.03	854	11.81	689	12.59	540	13.37	407
